Cascavelle, Mauritius | Back in Paris from May 2027

PROFESSIONAL EXPERIENCE

HODI **Cascavelle, Mauritius**
French tech start-up providing sovereign cloud hosting to businesses in 30+ African countries.
Sales Engineer, V.I.E (International Corporate Volunteer Program) **May 2026 – May 2027**

- Own the full pre-sales cycle for local and international clients, from first contact to signature: qualify their needs and turn them into tailored cloud proposals.
- Lead client meetings with decision-makers, presenting cloud solutions and live demos that show the value of local, sovereign hosting.
- Built the company's CRM from scratch (Twenty): designed its structure and sales pipeline, and automated team workflows such as task and note notifications to streamline prospect and client follow-up.

COMEXPOSIUM **La Défense, France**
One of the world's leading event organisers, running 400+ B2B and B2C events in 25 countries.
Data Scientist, Apprentice **Oct. 2024 – Sep. 2025**

- Improved visitor–exhibitor matchmaking: identified a ~50% meeting no-show rate, then developed a hybrid recommendation system (weighted scoring, NLP, collaborative filtering, no-show management, feedback loop) targeting a rate below 20%.
- Collected, cleaned and structured visitor and exhibitor data (HubSpot, Python) and turned it into recommendations to improve decision-making and the event experience.

SANTANDER **Levallois, France**
Global banking group, one of the largest in Europe.
Quant Risk Analyst, Apprentice **Sep. 2023 – Sep. 2024**

- Built a fraud detection tool (SQL, R) flagging auto-approved loan applications for manual review based on weak signals in customer data, blocking 15+ fraudulent loans (~€450K in potential losses avoided). The tool was later industrialised and praised by the CEO.
- Contributed to scenario analysis for a credit scoring cut-off change and tracked its post-implementation impact: 12.5% fewer manual reviews (≈ 2 analysts' workload).
- Rebuilt a Power BI dashboard centralising credit risk KPIs and new decision-time indicators for the risk department, replacing static files.

ASSOCIATION CCL **Courbevoie, France**
Mathematics Teacher, Volunteer **2019 – 2021**

- Tutored middle and high school students in mathematics.

EDUCATION

Université Paris Dauphine – PSL **Paris, France**
Master's Degree in Mathematics and Computer Science, Finance major **2024 – 2025**

- PSL University ranked #1 in France and 34th worldwide (QS World University Rankings 2027).
- Master's thesis (Comexposium): built a prototype hybrid AI recommendation engine (weighted scoring, NLP, collaborative filtering) to improve visitor–exhibitor matchmaking at B2B trade shows.

Université Paris Nanterre **Nanterre, France**
Master's in Statistical & Economic Engineering (Finance, Insurance, Risk) **2022 – 2024**
Bachelor's Degree in Applied Mathematics and Computer Science **2019 – 2022**
